SPORTING ENVIRONMENTS

Trophy Rooms and Environments

For the Discerning Sportsman

4856 El Camino Real, Suite A, Los Altos, CA 94022 • Phone 650-969-6478

As a longtime SCI member, I have an insatiable passion for hunting and have decided to combine my passion for the sport with my 17 years of experience as a licensed architect and general contractor operating one of the finest design build firms in the greater Bay Area.

Sporting Environments is a full service design & build firm specializing in the architectural design and construction of trophy rooms and fine homes in the Bay Area. If you are considering building a trophy room, remodeling or building a new home, approach your project with the same diligence as booking the hunt of a lifetime in a far-off land. Entrust the embodiment of your life's work to someone with the heart and mind of a hunter, the professional credentials and experience to both envision and create an environment that represents your passion and personality as a sportsman. Contact Sporting Environments to discuss your ideas.

May you have a safe and prosperous year afield!

Sincerely,

SPECIAL NOTICE

Please remember you can be part of the SCI Blue Bag Brigade. In 2008, SCI member-participants in this program took 255 "Blue Bags" overseas, up from 156 the previous year. Shipping these bags would cost hundreds of dollars apiece and filling each bag would cost anywhere from \$150 to \$300. However, they are filled by chapters or individual members with medical, educational,

and other relief supplies, clothing and toys, which are then taken to remote areas of the world by hunters who have planned hunts in these regions. The supplies are delivered directly to villages, clinics, schools and orphanages for villagers, doctors, teachers and caregivers to utilize.

For more information please visit www.sci-foundation.org.

CIRCULATION AND ADVERTISING POLICY

Base Camp is published four times a year – Spring, Summer, Fall, and Winter issues – by the San Francisco Bay Area Chapter of Safari Club International.

Advertising is accepted for Base Camp to subsidize its publication. Space is available in 1/8 (Business card size) at \$50.00, 1/4 page at \$90.00, 1/2 page at \$170.00, or full page at \$340.00, respectively, prepaid with submittal of artwork. Ads run for one year, (four issues) and will be in black and white.

Advertisers must submit camera ready artwork to the Advertising Officer, c/o Chapter Office. Sorry, photos will not be returned, unless accompanied by a self-addressed stamped envelope. Member ads will be accepted for sale of personal property such as sporting equipment and special hunting or fishing opportunities. There are no fees for these ads and they will be run for a single issue only unless resubmitted for additional issues.

The contents and opinions expressed in Base Camp are those of the writers and do not necessarily reflect the views of the Safari Club International San Francisco Bay Area Chapter or the general membership. Information and articles in this newsletter are intended to inform the members about chapter activities and present various viewpoints and issues of general interest. Base Camp, however, cannot verify or be responsible for the accuracy of statements made in the articles and columns written by the newsletter staff or guest authors.

PRESIDENT'S MESSAGE

Dear Members,

Thank you for your continued support and for re-electing me as your president for 2009-2010. The list of current board members can be found on the next page.

As you know, my goal last year was membership and it continues to be my number one goal. This year we have consistently stayed above the 250 member mark -- let's keep going and reach 275! We need a strong membership to keep having our voices heard. Together we can do it.

Our membership promotion for 2008-2009, a Remington 700 .270 with Leopold Scope, was won by Richard Pierce in a drawing at the Wild Game and Awards Banquet. Congratulations to Richard! The 2009-2010 membership promotion will be posted to the web site soon.

Our quarterly events are also high on my agenda for the year — let's make them bigger and better than ever!

The Wild Game and Awards Banquet continues to grow in both number of attendees and 'fun-factor' so plan to attend next year. You can see all the award winners listed on page 13 and many of their photos throughout this issue. Congratulations to all the award winners!

Save Sunday August 23 for the second annual Bob Bergstrom Memorial BBQ and Shoot at Coyote Valley Sporting Clays. This is always a great time and something the whole family can enjoy. Come on out, enjoy shooting a few clays, have some BBQ and see your friends.

The Fall Appreciation Dinner will be October 25th. We'll have more information, including our guest speaker information, for you in the coming months.

And don't forget the annual fundraiser will be March 6, 2010. If you are interested in being on the volunteer committee just let me know! It's a lot of work but also very fulfilling and a lot of fun.

The chapter hunt this year was at RS Bar Guest Ranch where boars were on the hunting agenda. See the photos and read about the hunt on page 20.

We are continuing to publish the chapter calendar, which has become very popular over the past two years. Each member will receive one calendar as a member bonus and you will be able to purchase additional copies for friends and family. Don't miss getting your favorite shot on the calendar -- send photos to Beverly (bev@safariclub-sfbay.org). Photos do not need to be from this year.

Hunt often. Hunt safely.

And remember that SCI is First for Hunters.

The last issue of Basecamp carried a story about the upcoming spring black bear hunt in British Columbia that we had awarded to Marine Corps Gunnery Sergeant, Blaine Scott, from Camp Pendleton, California. In August 2006, Gunny Scott was seriously injured by an IED blast which blew up his Light Armored Vehicle in Iraq. Two Marines were killed and Gy Sgt Scott spent the next 18 mos at Brooke Army Medical Center in Texas. A fourth Marine barely survived the blast and, sadly, nearly three years later is still hospitalized at Brooke.

The hunt was very generously donated by Ron Raboud, an outstanding SCI member in Florida, and Dave Wabnegger, owner of Otter Lake Guide Outfitters in Princeton, B.C. Ron has hunted with Dave every year for many years because of his excellence as an outfitter and the game-rich area he operates in.

As a life-long hunter and fisherman, Gunny has been fortunate to take deer, elk, pigs, game birds and small game in several states, plus several exotics in Texas. He had long hoped to someday go bear hunting, so the

completely unexpected award of this trip was a dream come true. A few weeks later after a tough two day drive from his home near Camp Pendleton he arrived in bear camp, tired but excited, on May 1. However, there was no time to rest and he was quickly invited to hurry up, unload his gear and go looking for bear. Because of a late spring the bears hadn't come out of their dens until late. Then, because of poor precipitation, forage for them was poor. Bear sightings were down. Despite the fact that Dave averages virtually 100% on spring bear, prospects for the season-opener the following day weren't very promising. Only two undersized bears were spotted the evening of May 1. No one could possibly have imagined how quickly and dramatically the situation would change.

Like hunters the world over, everyone headed out the morning of May 2 in high spirits. It's a priority with Ron and Dave to give a Purple Heart vet the opportunity to take the first trophy bear if possible. Their

standards are high because the gene pool in that area produces plenty of big bears. They also come in a wide variety of color phases. Baiting in B.C. isn't allowed but hunting with dogs is. Given the conditions, the decision was made to make heavy use of Dave's kennel. That suited Gunny just fine. He grew up hunting coons in Iowa with his family's hounds and loves that kind of hunting.

Early on opening day the dogs cut a hot trail and treed a fine jet-black boar of over six feet. Catching up with the dogs, Gunny made a perfect shot and fulfilled his hopes of adding a fine bear to his list of trophies. So, what does a hunter do who has just punched his tag and has nearly six days left to go? There was fine trout fishing not far away, a comfortable camp to relax in, or beautiful country to leisurely explore. But for a Marine and a hunter like Blaine Scott there was only one thing he wanted to do. That was to pitch in and support the other hunters and help with the dogs. Despite continuing pain

MISSION ACCOMPLISHED: MARINE 2 – BEARS 0

from his reconstructed ankle that was shattered by the explosion in Iraq, Blaine was involved in every dog chase, participated in some important way in every kill and helped skin every one of the additional five bears taken. What a week it had been! Six trophy bears in five days, with one more day to go and two more tags to fill.

Surprise, surprise !!! one of those unfilled tags belonged to Blaine. Very generously, the outfitter's sister and her husband had been so impressed by Blaine's enthusiasm, terrific work ethic and contagious good spirit they gifted him with an additional tag in hopes he'd find something really special. Wow, did he ever! but the last day was a cliff-hanger for everyone. Until late that afternoon not a single bear was spotted anywhere, nor did the dogs cut a single hot trail. It was simply eerie, the woods seemed completely empty. Then Goddess Diana must have flipped a switch. Blaine and his guide spotted an absolute monster world-class chocolate color phase bear. After an extremely cautious stalk to within 30yds, Blaine anchored him with a perfect shot to the head. "I wanted to make sure that one didn't get away!" he said. The old monarch of the woods stretched the tape to 7' 6" !!!

Thirty miles away Dave Wabnegger and Ron Raboud with his friend from Georgia who had the other unfilled tag suddenly began seeing bears. Incredibly, between 5:00PM and dark they spotted eleven bears. With

but five minutes of shooting time left, the gentleman from Georgia got yet another record book bear. He was a first-time bear hunter with a great sense of humor who had kept everyone laughing all week long. As he put it, you've got to be #%#@#&?G crazy to hunt anything with so many big teeth and claws!!!

In summary, the bear hunt our Chapter sent Gunnery Sergeant Blaine Scott on could not have been more successful. Neither could it have been awarded to a more deserving recipient. Thanks to Chapter member, Paul Gery, owner of Pacific Wildlife Studio (707-326-6681) and his friends with the California Taxidermy Association, Gunny's choice of work on both bears is being 100% donated. How great is that! The big chocolate one will become a life-size mount.

Looking to the future, the generous donors of this year's hunt have assigned the same trip to our Chapter for 2010. I'll soon begin a search for another combat wounded vet to send on a hunt of his dreams. Toward that end, we're asking for your support to help cover all travel and incidental expenses. Twenty donations of \$50 each will create a \$1,000 fund for this. Please help support the next American hero-hunter by sending your check for any amount to Bev at the Chapter office. We've set up a special account.

2009 SCI CUBS SHOOTING SPORTS PROGRAM

Hello SCI Cubs and families. Let me introduce myself. Buck Buchanan, age 56, dedicated hunter, shooter and educator. Credentials are Master California hunter education instructor, NRA pistol-rifle-shotgun instructor, NRA range safety officer, National black powder muzzleloading instructor, DOJ handgun safety instructor and Boy Scout merit badge counselor for rifle-shotgun and archery. My plans for the 2009 Cubs shooting sports include the traditional shotgun trap and sporting clays that Bob Bergstrom conducted for past Cubs. In addition, guided pheasant

hunts, 22 caliber rifle silhouette shooting, 22 caliber plinking and steel action targets, small centerfire rifle training and light caliber handgun shooting instruction.

To participate in any Cubs shooting activity, Cubs must preregister to participate. Contact Buck Buchanan at 925-998-5086 or buck@safariclub-sfbay.org

DU GREENWING EVENT

The DU Greenwing event, with sponsorship by the Chapter, was held on Sunday June 14 at Cozzolino Park just out of Half Moon Bay. The attendance was just over 75 and everyone had a great time with many activities including building duck boxes, painting duck decoys, watching retriever exhibits, and learning more about ducks from the UC Davis Wildlife department.

YOUNG HUNTER AWARD

Dear SCI Chapter Presidents and Board Members,

It's time to begin planning for the SCI Annual Hunters' Convention and the Major Awards Program. The SCI and Cabela's Young Hunter Award is truly a prestigious honor and has become a bright spot during the Thursday evening banquet and auction. The Trophy Records Committee voted to create new criteria for this award in 2006, please note the criteria below:

The Young Hunter must be a current member of SCI, 15-21 years of age, complete the application posted on www.safariclub.org under Youth Hunter, compose a 500 word essay on the topic, "How I Am A Role Model for Hunting", complete a hunter safety education certification course, obtain a letter of recommendation from an SCI chapter, and obtain a letter of recommendation from a school administrator. Applicants are scored on 30 percent conservation work and community service, 25 percent hunting and outdoor experience, 25 percent role model for hunting (including essay), 10 percent SCI chapter recommendation and 10 percent Trophy Records Committee overall judgment. The two applicants with the highest overall percentage will become the 2010 Young Hunter of the Year recipients. All major award applications are due in the Tucson office by September 1, 2009.

The Marketing and Trophy Records Committees formed a partnership with Cabela's to sponsor the award. The SCI and Cabela's Young Hunter Award applicants each receive a \$40.00 gift card and the award recipients receive a \$500.00 gift card.

The Trophy Records Committee is very proud of this award and the young men and women who have applied for the award over the years. I would like to get the word out to your chapter members encouraging more young hunters to submit applications. All the information required for the young hunter award is posted on the web site under the Trophy Records icon. Could you please forward this message to your chapter members or post it in your next newsletter?

Thank you,

R. Douglas Yajko, M.D.

Trophy Records Chairman

One of the great things about chapter membership is having fun with other members. The SF Bay Chapter aims to have at least one chapter hunt each year. This year's chapter hunt was at RS Bar Guest Ranch, hosted by Jason Bumann, and organized by Bob Keagy. We had a great time with six hunters and two non-hunters.

RS Bar Guest Ranch is about 2 hours south of the Bay Area so does not require a lot of travel time. Our plans were to arrive on Friday afternoon for lunch and an evening pig hunt, take morning and evening hunts on Saturday, and depart after a morning hunt on Sunday.

On arriving Friday we explored the grounds and had time for sighting in the firearms before an excellently prepared grilled steak dinner. Throughout the weekend, the food was terrific and the rooms in the lodge were very comfortable. The lodge has several different room styles, including rooms in both the main lodge and in the new lodge that are earmarked for guests with dogs. Rooms in the main lodge tended to be smaller but with charm and cozyness. The main lodge had the dining room,

a completely up-to-date kitchen, shaded porch with a view of the hills, and great room with large screen tv and plenty of seating.

Dog friendly and very comfortable rooms.

RS Bar Guest Ranch.

Our group had three very experienced hunters in Bob Keagy, Dwight Ortmann, and Mark Collins. Tony Puig has had some experience. John Ware and Beverly Valdez had never hunted pigs before. Edie Ortmann and Pam Keagy joined as observers. We split up for hunting into three groups: Tony, Dwight, and Edie hunted with Mike. Bob, Mark, and Pam hunted with Jason. Beverly and John hunted with Russ. Each of the hunters came with a different idea of

what they wanted to get and Jason did a good job of matching everyone up with a PH that could help them best.

At over 18,000 contiguous acres, the ranch provided plenty of room to spread out with the three teams going in different directions. The ranch has several barley fields that make for good hunting and tasty pork. Each of the groups visited a different field and saw boars. Beverly and John saw a nice grouping with a big boar which could have been a good shot but it was too late in the evening to take it. Bob and Mark's group also had a good sighting and took one shot which missed.

Top: Hunters, Beverly Valdez, John Ware (standing), Dwight Ortmann, Bob Keagy, Tony Puig, and Mark Collins (seated L-R). **Bottom:** Edie Ortmann and Pam Keagy observing.

2009 CHAPTER PIG HUNT

At 5:30 the next morning we all took off again, each group going to the same respective fields as the previous evening. This time there was success as both John Ware and Tony Puig got nice 160-180 boars. Hunting in the morning lasted about three to four hours.

After the morning hunt, we had a nice breakfast followed by rest and trap shooting. Around the evening dinner table we found that all except one of the hunters had hunted early in life but given it up for some period of time as priorities of school, family, and career took precedence and then returned to hunting again later in life.

That evening we were back out hunting but had few sightings. Dwight got an eye on a big boar only to have it get lost in the surrounding wooded/hill area once he wounded it. The entire team spent several hours trying to locate the boar but with no success.

Our final morning dawned and it was foggy -- VERY foggy. The teams are headed out by 4:30 am or so on this day to get an even earlier start. Dwight's team went looking again for the lost boar from the previous evening but wasn't able to find it. Beverly took a shot but at 250 yards in deep fog over the barley field it was a clean miss. Mark's shot was successful and he also got a nice eating boar.

Following hunting we were able to take a drive to an overlook where we observed a golden eagle nest with two fledglings before we all gathered a great lunch before heading out.

One of the interesting things we noticed is a bank of solar panels. On talking about this with Jason we learned that the ranch actually creates enough energy to put some back onto the statewide grid.

Top: Tony Puig. **Second:** John Ware with Russ. **Third:** Beverly Valdez with Russ. **Bottom:** Bald eagle nest with two fledglings.

Arrow Five Puppies

We still have two pups left from the last litter from "J.J.!" And "Pinta" has another litter on the way, so we'll have more to choose from soon.

"J.J." is our excellent blood tracker! He has recovered 74 wounded deer so far and he is only 7 years old.

He now has puppies throughout the United States, Mexico and Canada. These puppies are 1/2 Decker Terrier, 1/4 Fox Terrier & 1/4 Jack Russell.

If you or someone you know is interested please call us (707) 923-9633.

SCI Pathfinder Awards - Call for Applications

Do you know someone whom you'd like to submit for this prestigious award? If so, please visit www.sci-foundation.org <<http://www.sci-foundation.org/>> and go to the Humanitarian Services Pathfinder section to download an Adobe pdf version of the 2009 application.

The Pathfinder Award

When an individual is faced with overcoming a physical challenge or disability that is capable of blocking the "routine" way forward through life, (including hunting and shooting), he or she must discover previously unexplored regions of self-esteem, self-worth, courage, persistence, and determination. Through trial and error, success and failure, the pathfinder, with a "never quit" attitude, works hard to discover his or her own way through life.

MISSION STATEMENT FOR SAN FRANCISCO SAFARI CLUB INTERNATIONAL

To promote good fellowship among those who love the outdoors and the sport of hunting, shooting and fishing.

To promote conservation of the wildlife of the world as a renewable resource in which hunting is one management tool among many.

To help conservation efforts by supporting worthwhile projects, both verbally and financially, when possible.

To educate our youth in the safe and proper use of firearms and to interest and teach them in conservation and preservation of the forests and animals, which are our national heritage.

To share the latest hunting experiences and information of our members so that other members may profit from same.

To operate the association as a non-profitable organization, originated for the enjoyment of the members, and with the thought in mind that perhaps we can be of assistance in helping to conserve and preserve the animals which we love to hunt today for those who will come to love the sport tomorrow.
